

Philosophy and Expectations

Our Philosophy:

Our goal is to develop strong, confident and well-rounded young women through the game of soccer. We hope to make our girls the best players they can be, while maintaining their love and passion for the game of soccer. We strive to make each player a better individual off the field as well by teaching them about a sense of community and social responsibility. We want them to remember their time on the soccer field as a positive, competitive and heartfelt experience that prepared them for their future endeavors.

Coaches Expectations:

Our coaches are committed and dedicated to our players and will plan and implement professional coaching sessions each day. We promise to give our best effort and conduct ourselves in a professional fashion. We will provide players and families with honest and open communication and we will make all coaching decisions in the best interest of the team. As coaches, we will make ourselves available to answer any questions or concerns you may have in a timely fashion. We strive to make each of our player's better people on and off the soccer field.

Player Expectations:

We expect the following from each of our players:

- Give your best effort each day.
- Respect everyone involved in the sport of soccer.
- Commit to the team and the program.
- Support your team in a positive fashion.
- Communicate with the coach.

Parent Expectations:

We expect the following from each of our parents:

- Be positive, be supportive and cheer for the team – be a positive role model who demonstrates good sportsmanship – please remember that this is youth soccer.
- Support the coach's decisions (and please do not coach). Allow the players the freedom to make their own decisions and learn from their mistakes.
- Never address players from the other team and please do not engage in game-related discussions with parents from the opposing team.
- Respect the officials
- Please wait 24 hours before addressing game related issues – emotions are a great part of sports, but they can also cloud our judgment immediately following games.
